European Community Course Credit Transfer System - ECTS

This system was put in place by the European Community Commission in order to help students make the most of their study abroad experience. It measures and compares academic results and transfers them from one institute to another. The Faculty of Economics of Poitiers has applied this system to all the universities with which it has signed agreements (whether they are European or not).

The ECTS credits are values assigned to each course for the volume of work in each course in relation to the volume of work necessary to complete a full academic year at the institute.

The ECTS grading scale has been put in place by the institutions participating in the pilot program in order to facilitate the interpretation of grades obtained by the students. The ECTS grading scale in no way replaces the grading system already in place locally ; the ECTS grades represent complementary information on the grades given to the student by the institution in which he or she is studying.

Grading Scale

ECTS Grade	French Grade	Definition
A	>16	A "excellent"
B	15-16	B "very good"
C	13-14	C "good"
D	11-12	D "satisfactory"
E	10	E "sufficient"
FX	8-9	F "failed"
F	< 8	F "failed"

Academic calendar

1st semester : from beginning of September to mid-december,
Examination period : one week in December / one week in January,
2nd semester : from mid-january to beginning of May,
Examination period : mid-may (around two weeks),
Retake exam period : mid-june (around two weeks).

French language courses

Incoming students can follow French courses at the "Center of French as a Foreign Language" (CFLE) of University of Poitiers. Health Insurance

Students from the European Union: the European Health Insurance Card (EHIC) exempts European students from French student health insurance schemes and covers most medical or pharmaceutical costs incurred in France.

Non-European Students are under the legal obligation to enroll at the social security scheme or the basic health insurance scheme.

Erasmus student Network (ESN) and Buddy System

Erasmus Student Network (ESN) is a non-profit international student organization. Its mission is to represent international students, thus provide opportunities for cultural understanding and self-development under the principle of Students Helping Students .

The Buddy System is a programme through which incoming exchange students are matched with students of the University of Poitiers.

The main purpose of this programme is to assist exchange students with practical information on living and studying in Poitiers and to facilitate their integration in the French academic life and the student community : <https://esnpoitiers.buddysystem.eu/> [<https://esnpoitiers.buddysystem.eu/>]
